HUGHES OR ROOSEVELT?

Republican and Bull Moose Con-
ventions On This Week—Stanford
Sends Delegate to Latter.

The sole delegate that Lincoln county will have at any of the national conventions this week or next left for Chicago Monday afternoon. This was John N. Menefee, Jr., who is a delegate-at-large from Kentucky to the Progressive National Convention, which meets at Chicago tomorrow, the same time that the Republican national convention is in session. Mr. Menefee will take quite a vacation while away. From Chicago he will go to several points in Oklahoma, Texas, and New Mexico, where he has legal business.

The greatest interest is centering in the Republican National convention which convenes at Chicago tomorrow. Latest dispatches seem to indicate that Justice Hughes, of the Supreme Court will be the Republican nominee for president, if he can prove satisfactory to the Bull Moose and Roosevelt.

Mr. Menefee, who goes to the Bull Moose gathering is an uncompromising Roosevelt man all the time.

The Chicago Tribune, the leading newspaper of Chicago and perhaps the leading newspaper of the nation says Tuesday that a coalition has been formed against Hughes which has grown to over 500 delegate votes. It will assert that Cummins and La Follette, with their delegates have joined the movement which commits the delegates to select, in lieu of Hughes, some one of the favorite sons, regardless of the attitude of Roosevelt. In the Iowa meeting today Senator Kenyon made a speech against Roosevelt, and he is Cummins' spokesman. Dark horse talk still swirls around Senator Harding, of Ohio, as a compromise candidate.

If the Republican leaders have the notion that they can nominate Justice Charles E. Hughes for President without a complete and definite understanding with the Progressive National Convention, they will have to revise their plans. Hughes will be flatly rejected by the third party men unless he makes clear, without any pussy-footing or the use of weasel words, his position upon the paramount questions of foreign policy and military preparedness.

If the Republican convention sees fit to nominate some other than Hughes out of the favorite son group no matter what his name or upon what platform he is placed, Colonel Roosevelt will lead a third party movement again.

These two things were made emphatically clear Monday after there had been several gatherings of incoming Progressive leaders and a number of conferences had been held in the headquarters of Chairman George W. Perkins.

The unmistakable trend toward Hughes in the lobbies and headquarters continues and for that reason the explicit utterances from the Progressives' capains are all the more valuable. Through some unaccountable channel the erroneous statement has been sent forth that the Supreme Court Justice is the only member of the Republican group of candidates who will be acceptable to Colonel Roosevelt. This may be responsible for the enthusiasm with which the suggestion of his nomination is received by the patronage hungry element of the party which desires to win, even if the devil himself has to be drafted as the candidate.

TEDDY NOW FAVORITE.

For the first time since the betting campaign on the nominations for President by the Republican party was opened in Wall street the financial district Saturday made Theodore Roosevelt its favorite in the money. One bet of \$5,000 even on him was reported by one of the betting commissioners on the curb, who later said a flood of money was ready to be let loose at 4 to 4 on Roosevelt's chances. Mention was made of \$100,000 at those odds by one banker. The same commissioner reported a strange disappearance of Hughes money, in evidence so abundantly earlier in the week. That was attributed largely to the recent utterance by the Justice that no man had been authorized to act for him in respect to any nomination for President. Odds against the compromise candidates remained unchanged, supporters of Fairbanks demanding 15 to 1 against their choice, with 8 to 1 being the best offered.

KENTUCKY BUSINESS FINE

Says L. B. Lowenthal, Well Known Drummer Who "Makes" Stanford.

L. B. Lowenthal, one of the best known drummers who makes this territory, gave his Kentucky business a big boost in an interview in a Knoxville paper last week. The paper said: Mr. L. B. Lowenthal, of Daniel Briscoe Co., is just in from his Kentucky territory getting up fall samples, and talks interestingly of conditions in the State. He says that in spite of high prices, goods are selling better than before and that the demand is growing for goods of the better grades. The reason he gives are the people have the money to pay for what they want, and the merchants are doing all they can to supply what their customers may call for. He reports excellent conditions in all lines of business. The mines are running full time, timber business is on a boom, road building is giving profitable employment to many people and increasing sales of many products. Three hundred thousand dollars is being spent for road building in Pulaski county alone. Farm products bring high prices, this being especially true of grain and live stock. Sheep raising is an important industry in some parts of the State, and wool is selling for 42½ cents a pound the wool from a sheep bringing as much in one season as a sheep sold for a few years ago.

Mr. Lowenthal states that the demand for better goods in all lines is giving him the best business he ever had, and his house is prepared to fill orders and make prompt deliveries. He says that orders have been filled this year with better results than ever before, there being fewer complaints and more satisfactory business all around.

He has booked more orders for fall than in any other time in the history of his business, he says, for this season of the year, and regards the outlook for fall trade the best we have ever had.

ELOPE TO TENNESSEE

Popular Local Young Couple Take Many Friends by Surprise.

A host of friends of Scott Hamilton and Miss Sara Cormney, were taken by surprise last Saturday evening when this well known and popular young couple stole a march on them by going to Jellico, Tennessee, where they were united in wedlock's holy bonds. The sweethearts were in town, that evening, the bride-to-be attending the picture show with friends. After its conclusion, they caught the L. & N. for the Tennessee Gretna Green. After the ceremony was performed they wired friends and relatives and came back home, where they were received with many congratulations and good wishes. The bride is the attractive young daughter of Mrs. N. W. Fowle while the groom is a prominent and promising young farmer. Both have many warm friends who will wish them every happiness, as they go down life's pathway together.

CHILDREN'S DAY AT HEBRON.

The collection and proceeds will be used for repairs on the church, and it is expected that a large crowd will be out for this worthy purpose, and to enjoy the delightful entertainment.

WILL BE AT THE STANFORD CHAUTAUQUA JUNE 21-27.

ALTON PACKARD, GREAT HUMORIST, TO APPEAR

Take a Grouch to Chautauqua and He'll Bury It For You.

At the Alkahest Chautauqua this year we will have an opportunity of hearing Mr. Alton Packard, one of the greatest humorists and crayon artists the world has ever produced.

Mr. Packard is a veritable genius of laughter. He is the original and only genuine and instantaneous cure for the grouch. If you are bothered with that

ALTON PACKARD.

affliction take it to the Chautauqua, and when you return to your home you will not only be cured, but will not remember that there is such a thing as a grouch.

Packard's crayon work is rapid almost beyond belief, and his comments as he works, as well as some of his pictures, are simply irresistible. There is nothing that does more good than a good, hearty laugh, and enough of that tonic will make doctors' bills and drugs almost unknown. Let the whole city turn out in a body and hear Packard and lay in a supply of mirth that will last indefinitely.

Bilious Attacks

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.

"AFTER" THE NEGRO DOCTOR

Of Somerset, Who Has Treated Several Patients from This County.

Several Lincoln county people have been treated by the colored doctor in Pulaski county, whom an effort is being made to "put out of business" by the officials. Suit has been filed against him, which will help to advertise him and get him business as it did the late Charley White-Moon of Louisville. The Somerset News says of the suit against the negro physician there:

Attorney General M. M. Logan has filed a suit in the Pulaski Circuit Court asking for a restraining order to prevent Dr. J. S. Anderson (colored) from practicing medicine in the State of Kentucky. The trial was set for Thursday of last week, but upon agreement of both sides the case was postponed until July 18. The state is being represented by Commonwealth's Attorney Flippin and J. N. Sharp and the defendant by O. H. Waddle & Sons and Judge Jarvis. It promises to be a very bitterly fought case and will likely be long drawn out. The petition filed by the attorney-general states that Dr. Anderson, is maintaining a nuisance by running the sanitarium at Ferguson, that he is practicing without authority from the State Board of Health; that he has no license and has passed no examination, and has no diploma from any reputable college; that he is just an ignorant, illiterate, common, colored man, and has no knowledge of medicine. Accompanying the petition are several affidavits from people whom he has treated, stating that he does them no good whatever, and that they are much worse since taking his medicine.

Dr. Anderson came here from Kingston, Tennessee, where he had a sanitarium and where he says he treated 33,000 people in one year. He was finally forced to leave Tennessee by a ruling of the Court of Appeals of that State. The case there was long drawn out and bitterly fought, and Anderson says his attorney's fees and court costs were something like \$35,000. When he was forced to leave Tennessee, he came to Somerset and opened a sanitarium at Ferguson, at which place he has been practicing.

The Tennessee papers have been full of sensational articles concerning Anderson and his conduct while in that state.

CANDIDATES AT RICHMOND

Montgomery and Helm Both Shaking Hands With Voters Monday

Congressman Harvey Helm came in from Washington Monday night, as congress is doing very little for two weeks during the national conventions. He spent most of Monday at Richmond, mixing with the voters and motored from there with Mr. H. J. McRoberts, Miss Anne D. McRoberts and Miss Mary Bruce, who went over after him. Mr. Helm will put in his time while in Kentucky looking after his political fences. His opponent for the congressional nomination, Senator Charles F. Montgomery, of Casey, has been making a quite but effective campaign over the district, and his friends say he is well pleased with assurances of support which he is receiving. Accompanied by Col. T. L. Carpenter and other friends he passed through here early Monday morning en route to Richmond, where he also spent the day campaigning and meeting the voters.

KILLING AT LEBANON

J. H. Shively, proprietor of a Lebanon barber shop was arrested Saturday charged with killing Ed Lee Grady, colored porter at the shop. Shively moved to Lebanon a few weeks ago from Phillipsburg and purchased the McKnight barber shop. Grady had been employed at the shop for seven years. It is said Shively dismissed him and that when the negro started to leave he claimed the shoe polishing stand in the shop as his property. A misunderstanding arose and Shively is said to have struck Grady with an iron poker.

Latest War News

German and British battle fleets have clashed in what appears to have been the greatest naval battle in history.

According to Berlin the sea fight resulted disastrously for the British who lost one of their latest dreadnaughts, two battle cruisers, two armored cruisers and numerous smaller craft, while a large number of British battleships were damaged.

The Germans admit only the loss of one battleship and a small cruiser, while the fate of one cruiser and of some torpedo boats is unknown.

The British admiralty announces that a battle occurred in the North Sea between the British and German fleets, in the course of which a number of German and English ships were sunk.

The British battle cruisers Queen Mary and Indefatigable and the battleship Invincible were sunk and cruiser Warrior was disabled. The German losses are described as serious by the English report.

The announcement says two German battle cruisers were sunk and two German light cruisers were disabled and probably sunk.

The British destroyers Tipperary, Turbulent, Fortune, Sparrowhawk and Ardent were lost and six others have not yet been accounted for, says London. The admiralty announcement says no British battleships nor light cruisers were sunk.

The battle occurred off the coast of Jutland. The English admiralty announcement says the German fleet avoided the main British forces and returned to port severely damaged.

According to Berlin the British dreadnaught sunk was the Warspite of the Queen Elizabeth class, a 27,000-ton vessel, and the battle cruisers Queen Mary and Indefatigable were sunk. The British battleship Marlborough is reported to have been hit by a torpedo.

German warships rescued parts of the crews of the sunken British sea fighters says Berlin. It is declared that only two of the crew of the battle cruiser Indefatigable were saved.

The engagement took place during the afternoon of May 31, and it continued during the night. The German fleet apparently put out from the Baltic and encountered the British between Skagerak and Horn's Riff in the North Sea. The Germans returned to their home base June 1, according to the German statement.

Further progress has been made on the Verdun front in the Vaux section, according to Berlin, and French counter attacks have been repulsed.

Revised reports concerning the great North Sea battle show that the British and the Germans each lost a total of fifteen war craft, but that the British losses were greater in tonnage. These reports cause the British public to believe that the engagement was not so near a defeat as first appeared, and that supremacy is still held by a safe margin.

On one fact, whether the Germans engaged the main British fleet, the reports contradict each other flatly, Berlin claiming that the enemy's grand fleet was in action and London denying it. About 4,000 British seamen went down with their vessels.

MISS NOE'S FINE WORK.

The Cincinnati Times-Star had the following of the work of Miss Emma Noe, who visits Miss Berta Jean Penny here frequently, in the Cincinnati May Music festival. "Act third from Meyerbeer's 'L' Africaine' was undeniably the most successful and the most correct of the three scenes presented. Miss Emma Noe, as 'Selika,' made a veritable sensation. Miss Noe began as a mezzo, but with the characteristic uncertainty which attends so many young American voices, has developed into a real dramatic soprano with a splendid register and an actual dramatic talent. Her extremely beautiful voice was admirably suited to her role, her rapid advancement artistically and vocally over her performance of one year ago, when she sang 'Amneris,' almost incredible."

Mrs. C. G. Ware returned home Thursday after a pleasant visit with her daughter, Mrs. James Wyatt at Tatesville.

Restored to Good Health

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

WANT PORTMAN AVENUE OPENED

Citizens Appear Before City Council and Show Many Advantages to Accrue to People.

A good-sized delegation of residents of the northern section of the city, appeared before the City Council at its regular meeting last Thursday night and petitioned for the opening of Portman avenue clear through from Lancaster to Danville avenues. It was shown that more than 75 school children live north of the railroad and have to cross it twice a day to get to school, who would be directly saved from such attendant dangers by the opening of the street. But three property owners are affected by the proposition, it is said, and those who are behind the movement, say that the opening of the street will greatly benefit the property owners on the street, open up a number of valuable and salable building lots as well as prove a benefit to the community as a whole and a progressive move on the part of the city. It is reported that two of the property owners affected have offered to donate the right of way thru their holdings. The Council appointed a committee composed of G. B. Cooper, J. C. McClary and Will Stone to make a thorough investigation and report to the next council meeting.

Announcements

The Interior Journal is authorized
to announce the following candidates,
subject to the Democratic Primary,
August 5, 1916:

FOR CONGRESS
CHARLES F. MONTGOMERY
HARVEY HELM

President Wilson has approved the
selection of Senator Ollie James as
the permanent chairman of the Demo-
cratic National Convention, and this
means that the Kentuckian will be
named by the convention. It is a
very unusual and distinguished hon-
or which is being conferred upon
the senior senator from Kentucky,
but the forward position he has won
in the councils of the party of the na-
tion fully entitles him to it. It is
probable that there is no more effec-
tive speaker upon the stump for
democracy today than Ollie M.
James and he will be a power of
strength in the battle this fall.

In his speech to the National Press
Club, President Wilson based his
hope of the ultimate salvation of the
world on the disinterested men and
women who inhabit it. If it were
possible to analyze the faith that the
American people have in Woodrow
Wilson, it would be discovered that
his disinterestedness is his greatest
asset. The people do not believe
that he "plays the game" for what
he can get out of it for himself.
They do believe that he is in public
life to do public service, and that he
is their good and faithful servant.

For a while after the Democrats
revised the tariff the Republicans
apologized for prosperity by saying
that it was merely a continuation of
Republican good times. Then they
said it was the war. And now they
are saying that business is good
merely because the country knows
that Democratic rule is nearing the
end. Their excuses are pitifully
pleaded in every part of the land,
but fortunately the Democrats may
ignore them. Facts fight for Dem-
ocracy.

There is more Catarrh in this section of the
country than all other diseases put together, and
until the last few years was supposed to be
incurable. For a great many years doctors
pronounced it a local disease and prescribed local
remedies, and by constantly failing to cure with
local treatment, pronounced it incurable. Science
has proven Catarrh to be a constitutional disease,
and therefore requires constitutional treatment.

Mr. Went-And-Cut-It —Here's Mr. 'Gots-It'

The New Plan Corn Cure That's as Sure as the Rising Sun.

"Glad to meet you" says the razor to the corn. "I'll bleed for you!" says the corn to the razor. Razors and corns love each other. Corns love to be cut.

"Why, O Why, Did I Do It? 'Gots-It' for Me After This—If I Live!"
be cut, picked, gouged, salved, plastered and jerked out.—they grow faster. Mr. and Mrs. Went-And-Cut-It realize it now,—they use "Gots-It!" instead—it's the wonderful, simple corn-cure that never fails. Stops pain. You apply it in 2 seconds, it dries at once, the corn is doomed. Nothing to stick to the stocking or press on the corn. It means good-night to plasters, salves, diggers, razors and toe-bundling. You can wear smaller shoes. Your corns will come right off. "Clean as a whistle." Never inflames healthy flesh. The world's biggest selling corn cure. "Gots-It!" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy, by the Lincoln Pharmacy.

Every Family Needs This Splendid Remedy

COMPOUND OF SIMPLE LAXATIVE HERBS RECOMMENDED FOR CONSTIPATION

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1889, its use being gradually extended until now it is regarded by druggists as the staple laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in effect. It costs only fifty cents a bottle and can be purchased in drug stores anywhere.

Mr. Frank Klima, of 2309 Ashland Ave., Baltimore, Md., wrote Dr. Caldwell recently that he had tried about everything without being helped until he got a bottle of Dr. Caldwell's Syrup Pepsin, which he considers the

MR. FRANK KLIMA

greatest known remedy for indigestion, constipation and stomach troubles.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and keep it in the house. A trial bottle free from charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.
